

## **Rubber recycling company to acquire Colo. tire landfill**

Aug. 21 -- Magnum D'Or Resources Inc., a rubber recycling company, is close to acquiring a large tire landfill in Hudson, Colo.

The Fort Lauderdale, Fla.-based company said the landfill contains at least 30 million tires and is located on a 120-acre parcel of commercial land.

"This facility and location solidifies our standing and paves the way for our U.S. operations. I believe with the size and location, that the facility will be a central hub for our company and at the center of our strategic plans for expansion," CEO Joseph Glusic said.

The company already has a facility in Magog, Quebec.
