

Yellowstone roads to open soon

BILLINGS, Mont. (AP) — Yellowstone National Park roads are being cleared of snow for the opening of the spring season.

The first gateways to the park's interior, including Old Faithful and the West Entrance, are scheduled to open April 18.

Park spokesman Al Nash says the east and south entrances are scheduled to open May 2, and the northeast entrance over the Beartooth Highway is scheduled to open over Memorial Day weekend, May 24-26.
